I am a **Software Developer**, a graduate of Generation Thailand boot camp, with foundational coding experience, and **I want to be a Software Tester.**

I am eager to embark on a role that fosters skill enhancement, effective communication, and collaborative teamwork. I aspire to evolve into a versatile developer who leverages my abundant creativity to contribute to the role and the organization. I am dedicated to utilizing my acquired skills as a foundation in technology and customer service, thus making a meaningful impact.

EXPERIENCE

Specialty Barista

RIM Bingsu & Coffee Bar | **Nov 2022 - Feb 2023**

- Proficiently created a variety of coffee beverages, catering to customer preferences, creating delectable desserts and Bingsu, and expertly presenting specialty drip coffee at the bar.
- Effectively adviced café patrons with the assortment of coffee offerings, graciously extending invitations to engage in a genuine coffee exploration encompassing aroma, flavor, and experiential delight.
- Increased novel menus, encompassing the conception of seasonally and festively appropriate promotions

EDUCATION

Junior Software Developer Bootcamp

Generation Thailand | **July 2023 - October 2023**

- Learned how to build web applications from React as front-end, Node.js as back end, and MongoDB as a Database
- Learned essential skills for switching careers, such as growth mindset, communication, agile, and teamwork

Bachelor's Degree of English language, Faculty of Humanities

Ramkhamhaeng University, Bangkok | **April 2020 - Present**
